

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Allen C. Yun on 05/26/2011.

The application has been amended as follows:

In the title, please delete the old title:

"Methods and agents for immune modulation and methods for identifying immune modulators",

And insert the new title:

-- Method for treating an immune disorder by decreasing NIK-SIVA complex formation --.

In the claims, in claim 21, line 8, after "(SIVA1)", please insert:

-- or --.

In the claims, in claim 21, line 10, after "(SIVA2)", please delete: "(iii) a small interfering RNA molecule, or (iv) a ribozyme.", and insert:

-- . --.

Please cancel claims 25-58 and 60.

2. The following is an examiner's statement of reasons for allowance: The amendments to the claims removed the reasons for rejection of the claims 21-25 under 35 U.S.C. 112, first paragraph and of the claims 21-23 under 35 U.S.C. 102(b)/103(a). The decision to allow the claims to the second epitope for the antibody was taken because the amino acid sequence between 123-175 of SEQ ID NO: 3 is identical to the epitope sequence between 58-110 of the SEQ ID NO: 4.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
